How To: OneCard Transaction Reconciliation

(only applies if you are **assigned** a university credit card)

Every Tuesday, you will receive an email from <u>UM MU Shared Services</u> with an excel file that lists pending transactions charged to your university credit card that have not been reconciled.

To reconcile your card, follow the steps below.

- 1. Gather itemized receipts for all transactions listed on the one card transaction sheet
 - a. If the receipt is unavailable, please **remove** the transaction from the one card transaction sheet
 - b. It is the cardholder's responsibility to obtain any missing receipts
- 2. Enter a brief business purpose for each purchase i.e., why the purchase was made
- 3. Enter the correct MoCode and PS account for the transaction
 - a. There are tabs of commonly used PS accounts for each campus on the one card transaction sheet
- 4. Email the completed excel spreadsheet and all applicable receipts to MUSharedServices@missouri.edu

To avoid card suspension, please provide all required information within 30 days of transaction date (not date of the email).
